RUSH IS STILL GREAT

Crowds at El Reno to Secure a
Chance at Free Homes.

RECORD IS BROKEN.

More Than Fourteen Thousand Regis-
ter at El Reno, Making the
Total Nearly One Hundred
and Twenty Thousand.

El Reno, July 23.—The registration
at this place Monday was a record-break-
er—14,556 were registered. Two thou-
sand of these were old soldiers and 800
of them were women. The booths re-
mained open until 6 o'clock. One thou-
sand seven hundred and sixty-four were
registered at Lawton. Total of both
places 118,591 up to date.

The cheap rates made by the railroads
in the north and east will bring thou-
sands who had never thought of coming.
It is reported that 2000 factory girls are
coming from New York and Pittsburg.
There are many "tenderfeet" here now.
Most of them are surprised to see a civil-
ized city. They expected to see nothing
but cattle ranches and camps and
none but cowboys and Indians. There
are thousands of Indians living near
here, but few of them come to town
during the excitement. They are great-
ly annoyed by strangers who crowd
around them. Most of them run from
the kodak flinders, of whom there are
many. The Indians generally are afraid
of the camera.

W. J. Edwards, a civil engineer, has
laid out a town for women only. The
company is named the Woman's Mut-
ual Townsite company and is located
not far from Anadarko. About 50 El
Reno women are behind the scheme.
The women say that they want to show
the men that they can conduct city
affairs and attend to business matters
in a manner far superior to men.

The postoffice department has estab-
lished eight extra delivery windows and
still handles mail with difficulty.

All around bad men are becoming
more numerous and private detectives
have been sent for to protect the people.

Drawings Committee.

Washington, July 23.—The secretary
of the interior has announced a com-
mittee to supervise the drawings for
the lands of the Kiowa and Comanche
Indians as follows:

Ex-Governor Richards of Wyoming,
chairman; ex-Chief Justice Frank Dale
of Oklahoma and ex-District Attorney
D. P. Dyer of St. Louis.

This committee has been instructed
to report at El Reno not later than July
26 to arrange details for the drawing.

Governor Will Investigate.

Jackson, Miss., July 23.—Governor
Longino has left for Greenville, where
he will consult with the criminal judge
touching the assassination of the Ital-
ians at Erwin. It is expected that a
special term of the court will be called
at once. E. Calvalli, the Italian consul
at New Orleans, is said to be at Erwin
making an investigation. The governor
goes for the purpose of co-operating
with the officers and to have the assas-
sins apprehended and punished.

Two Boys Murdered.

Knoxville, July 23.—The bodies of
Wheeler and Mynatt Hatmaker were
found in a millpond near the Kentucky
line not far from Jacksboro, Tenn., and
an investigation by a coroner's jury
showed that the boys had been murder-
ed by being stabbed and beaten, and
that their bodies were thrown into the
water. The boys were only 11 and 14
years old, and excitement is intense in
the community. There is a suspicion as
to the murderer.

Captured a Highwayman.

Vinita, I. T., July 23.—Marshal D. H.
Shoffner of Grove arrested and jailed
here a bold highway robber, who held
up and robbed Lee Jones of near Grove.
He held up three men on the day that
he held up and robbed Lee Jones, but
did not get any money. Marshal Shoff-
ner came very near losing his life in at-
tempting to arrest the robber, who re-
sisted and showed fight.

Terrific Storms in Arizona.

El Paso, Tex., July 23.—Storms of
great magnitude have occurred in the
mountain regions north and east of
Phoenix, A. T. At Prescott and Iron
Springs terrific rain and hail fell Sun-
day, and for 100 miles east the streams
are out of their banks. The rain came
in time to prevent great damage from
drouth and stopped many forest fires of
large proportions.

May Remain in England.

London, July 23.—Mrs. Hanna, the
divorced wife of Daniel Hanna, who
with her children succeeded in leaving
New York on July 13 on the steamship
Campania in spite of her former hus-
band's efforts to stop her departure, said
in an interview that in view of her
former husband's attitude she might re-
main permanently in England and pre-
pare her boys for Eton and Oxford.

Mrs. Nation Must Go Home.

Tonka, July 23.—Mrs. Carrie Nation

was fined \$100 and given a 30-day jail
sentence by Judge Hazen in the district
court for disturbing the peace and dig-
nity of the city by a Sunday joint raid
last March. There is no appeal and
Mrs. Nation must serve her time in
prison.

Hogs Killed by the Heat.

Denton, Tex., July 23.—Several farm-
ers near Sanger have lost heavily from
the death of hogs on account of the ex-
treme heat.

SCORCHING WEATHER.

Heat in the Middle West Breaking Re-
cords of High Temperature.

Washington, July 24.—One hundred
degrees temperatures were common
throughout the great corn belt yester-
day according to reports to the weather
bureau here. In various places all pre-
vious heat records were smashed. There
appears to be no prospect of relief from
these exhausting conditions for the next
two days at least, except such as may
come from the always present possibi-
lity of scattered thunderstorms which are
predicted for some portions of the su-
perheated area.

Absolutely no rain fell in the corn
belt. In western Iowa it was a trifle
cooler while in the central portions of
the state it was warmer. There was a
little belt of high pressure over the
great lakes and another over the south
Atlantic coast, but it offers no prospect
of relief in the west.

The warm weather was again general
throughout the entire country except on
the Pacific coast. Thunder showers
have continued from the south Atlantic
coast westward into Arizona and a con-
tinuation of them is predicted for the
south and southwest.

Atlanta 90, Boston 104, Chicago 102,
Cincinnati 106, Davenport, Ia., 106,
Denver 94, Des Moines 108, Helena,
Mont., 93, Indianapolis 106, Jackson-
ville, Fla., 88, Kansas City 106, Little
Rock 96, Memphis 98, New Orleans 90,
New York 90, North Platte, Neb., 100,
Omaha 104, Pittsburg 94, Salt Lake 88,
St. Louis 107, St. Paul 98, Springfield,
Ills., 108, Vicksburg 88 and Washington
93, Louisville 105.

The prostrations reported reached into
the thousands, but fatalities were few
so far as given.

Slightly Lower Temperature.

Washington, July 23.—The weather
bureau officials find nothing in the con-
ditions to justify any prediction of a
change of temperature in the heated
section of the country. The principal
weather bureau stations in the middle
Mississippi valley show a slightly lower
temperature, but forecasters say there
is absolutely no permanent change in
prospect.

WILL REFUND DUTIES.

Merchants Will Get Back Amounts Paid
on Imports from Porto Rico.

Washington, July 23.—Attorney Gen-
eral Knox declined to render an opinion
which was asked for by the secretary
of the treasury on the question whether
or not under the existing laws the sec-
retary is authorized to refund duties
collected on goods imported from Porto
Rico between the date of the ratifica-
tion of the Spanish treaty and the date
that the Foraker act went into opera-
tion.

The attorney general says that inas-
much as the comptroller of the treasury
has given his decision on the subject, it
as a matter for him, (the comptroller)
alone and he therefore cannot give a
decision as requested.

It is authoritatively stated at the
treasury department that the govern-
ment will proceed immediately to re-
fund these duties, acting upon the de-
cision of the comptroller of the treasury
which was to the effect that the treas-
ury department had authority under ex-
isting laws. The duties amounted ap-
proximately to \$2,000,000.

Payment of Chinese Indemnity.

Washington, July 23.—The state de-
partment has received a dispatch from
Special Commissioner Rockhill at Pekin
announcing that a plan for the payment
of the indemnity to the powers by the
Chinese government finally had been
adopted. The authorization of bonds to
be issued will begin in 1902 and the
plan contemplates the entire liquidation
of both principal and interest by 1904.
It is expected that China will raise \$23-
000,000 annually.

Telegraph Service Cut Off.

Washington, July 23.—Consul Magill
reports from Tampico that the office of
the Mexican Telegraph company at that
place is closed to the public service,
thus severing the direct connection with
Galveston. Foreign messages will here-
after be routed via Laredo, Tex., over-
land, or via cable to Vera Cruz and
thence overland to Tampico.

Oil Rate Hearing.

Austin, July 23.—The railroad com-
mission has at last decided to have a
hearing for the readjustment of rates on
crude and fuel petroleum. This will be
welcome news to the people of Texas.

Cotton in the Territory.

Denton, Tex., July 23.—Reports from

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

WEDNESDAY, JULY 24, 1901.

W. J. Bryan wants the democr-
crats to come South for a president
or vice-president.

A farmer near Luling claims to
have gold, silver and oil in the
same hole. Now we guess the
Spindle Top people will realize that
there are others.

The Post sees lots of idle labor
wandering around the streets that
ought to be utilized on the county
roads and could be if officers and
juries would carry out the law.—
Huntsville Post. Yes, There are
vagrants enough in most any town
in this part of the state to keep a
good full road gang all the year
around.

Among the "Fresh-Air" children
who arrived at a farm near Pitts-
field, in the Berkshire hills of
Massachusetts, one day last sum-
mer, was a poor little tot who, as
she was lifted from the wagon,
caught sight of a field of daisies.
With a cry of delight she darted
to the rail fence the moment she
was set down, and scrambling
under it, threw herself, face down-
ward, among the beautiful white-
and gold blossoms, clasping them
in her arms and sobbing as if her
heart were breaking. She had
never before seen flowers growing.
During her stay she spent all her
time among them, and when the
moment came to pack her shabby
little bag it was found to be filled
with flowers.—Ladies Home Jour-
nal.

The Texas Grain Dealers Ass-
ociation, H. B. Dorsey, secretary,
sent to the Eagle their arguments
in favor of a state board to gather
crop statistics. They make a
pretty strong case of it. The move
is said to be in the interest of the
farmers. Statistics gotten up by
private individuals or firms are
generally prepared with a view to
conserving the interests of the
said individual or firm, while sta-
tistics prepared by a board respon-
sible to the people or the public,
would likely be more impartial.
The prices of all farm products are
regulated by statistics showing
what is on hand, hence the farmers
are interested in knowing the truth
and having the truth known to all
the world.

CORN CROP PROSPECT

Secretary Wilson Gives the Farmers
Valuable Points.

HOW TO SAVE CROP.

The Ground Should Be Plowed Often
and Deep During a Drouth—An
Average Corn Crop Is the
Estimate Made Now.

New York, July 23.—A dispatch to
The Tribune from Washington says
that Mr. Wilson, secretary of agricul-
ture, has favored The Tribune with a
talk on the effects of the long continued
drouth on the growing crops of the
west. He does not take so gloomy a
view of the agricultural prospects be-
tween the Alleghany and Rocky moun-
tains as do some of the so-called experts
who are not connected with the govern-
ment service. Nor yet does Mr. Wilson
attempt to minimize the injury already
done, and that will increase unless there
is a great precipitation of moisture dur-
ing the next few weeks in the vast
stretch of country between the moun-
tains.

While he acknowledges that the hard
wheat belt of the northwest has been
damaged, he does not yet despair of an
average yield of corn in the corn belt,
which he defines as extending east from
the Missouri river to the Alleghanies—
embracing the states of Iowa, Wiscon-
sin, the northern part of Missouri and
all of Illinois.

The regrettable loss from the view-
point of the department, declares the
secretary, is that of the macaroni wheat
crop. For the first time an experiment
had been made this year in the produc-
tion of this variety of wheat on a large
scale in the United States. Secretary
Wilson has been encouraging this ex-
periment ever since he has been at the
head of the agricultural department
and imported the seed from northern
Africa where most of the wheat is pro-
duced which supplies Europe and the
world with macaroni.

The secretary is especially hopeful of
an average corn crop. He says it will
not be a record breaker or "a bumper"
in the parlance of the agricultural de-
partment, but that at this moment the
prospects favor a fair average yield. Mr.
Wilson said:

"If something could be done to induce
the farmers in the corn belt to extend
their period of cultivation about two
weeks this year beyond the usual limit
I would look for a big crop. But the
usual season for cultivation is rapidly
drawing to a close, and I fear that with
comparatively few exceptions the farm-
ers will 'lay by' their corn at the regu-
lar time regardless of the drouth.

"In the entire corn belt, with the ex-
ception of Missouri, which has a shal-
low soil, 30 inches of rain during the
year is all that is needed to produce a
crop. If even only 12 or 14 inches of
this falls during the four months of pro-
duction a good yield can be counted on.
The corn belt soil, with the exception
noted, is deep and holds moisture well.
To utilize this moisture to the best ad-
vantage in the absence of rain the soil
should be continually stirred, so as to
make what we call a 'mulch' until the
crop is matured. Therefore, I repeat
that if the farmers in the corn belt at
this time could be shown the advisabil-
ity of extending their cultivation season
about two weeks we could look for a
good corn crop.

"The farmers, like every other busi-
ness man, always does what he believes
to be best for his own interest, but in a
case like this it is extremely difficult to
disseminate broadly in farming commu-
nities the information that is of pressing
and immediate value. By this I mean
if we only could spread all through the
corn belt the news that if the season of
cultivation were extended about two
weeks beyond the usual limit, there
would be no fear of the result."

Sympathy for President Kruger.

Gleauwood Springs, Col., July 23.—
As soon as Mrs. John Hays Hammond,
wife of the celebrated mining engineer,
who was at one time under sentence of
death in Pretoria in connection with
the famous Jameson raid, heard of the
death of the wife of President Kruger,
of the Boer republic, she sent the fol-
lowing cablegram to President Kruger:
"Accept my heartfelt sympathy in your
loss of a noble and true wife."

Northern Pacific Directors.

New York, July 23.—At a meeting of
the Northern Pacific Railroad company
here the following new directors were
elected in accordance with the recent
letter of J. Pierpont Morgan: James J.
Hill, E. H. Harriman, William Rooke-
feller, H. McK. Twombly and Samuel
Rea. These gentlemen take the places
of Edward D. Adams, R. M. Galloway,
Samuel Spencer, Dumont Clarke and
Walter G. Oakman.

Strike Situation.

Pittsburg, July 23.—The strike situ-
ation presents practically no new phases
and it appears now as if the contending
forces were settling down to a protract-
ed struggle. The company at Wellsville
mill has received accession of a few
men from the ranks of strikers, but the
number is not yet large enough to justi-
fy the mill in starting up in full.

Denial from Chairman Jones.

Little Rock, July 23.—Chairman
James K. Jones, denies the report that
the Democratic national headquarters will
be moved from Chicago to Wash-
ington.

WILL INVESTIGATE.

Dr. Doty to Find Out if Mosquitoes Do
Spread Malaria.

New York, July 23.—The health of-
ficer of the port, Dr. Doty, has decided
to take hold of the mosquito question
in Staten Island and attempt the exter-
mination of the pests. A part of the
island adjacent to the quarantine sta-
tion has been selected for the test. He
said:

"We have been at work for the last
year in our laboratory on the mosquito
larvae, in order to determine bacteri-
ologically what can be done. First, to
determine if the insect produces malar-
ia; second, if so, can malaria be pre-
vented by the extermination of the mos-
quito and its larvae, the test I have
determined to make will be applied to
a part of Staten Island adjoining our sta-
tion and opposite to the quarantine is-
lands, in extent about three miles by
one and a half miles.

"All the swamps, ponds, marshes and
wet places will be inspected by men
from our laboratory to determine where
the breeding places are situated. The
mosquito and the larvae will be taken
in such places and will be examined to
determine the presence of malaria. The
local physicians will be asked to co-op-
erate by reporting all cases of malaria.
All intelligent co-operation of citizens
will be requested. In the treatment of
breeding places petroleum will be an
important factor. The test is in line
with our quarantine work, as the quar-
antine hospital for yellow fever is ad-
jacent to the district selected for the
test."

No Tuberculosis in Milk.

New York, July 23.—Prof. Koch of
Berlin will announce, says a Herald
dispatch from London, his discovery
that bovine tuberculosis is not trans-
missible to the human system. The
famous bacteriologist in an interview
authorized the statement that he has
demonstrated that meat and milk tu-
berculosis infected cattle may be con-
sumed with absolute impunity.

BORDER SMUGGLERS.

Government Will Attempt to Stop Traffic
in Coolies from China.

Phoenix, A. T., July 23.—To stop the
wholesale importation of Chinese
through Port Nogales, on the United
States-Mexican line, is the plan of the
United States authorities. The govern-
ment agents and line riders along the
southern boundaries of this country
have found themselves unable to cope
with the Chinese smuggling situation,
and have placed the matter before the
authorities at Washington, who have
decided upon prompt and decisive ac-
tion.

A well organized gang of slave deal-
ers have been discovered in Nogales on
the Mexican side of the line, where
Sing Lee, a Celestial, experienced in
human traffic, superintends the smug-
gling of hundreds of coolies into this
country. The slaves arrive their from
China, either by way of Guaymas,
Mex., or from San Francisco, traveling
in bond through this country to Mexico
after their landing at San Francisco.
The heathens are drilled and disguised
in the Mexican costume in the oriental
colony established just across the line
and otherwise taught how to run the
gantlet of line riders. If they are suc-
cessfully smuggled across the line they
live for several months, as a rule, in
colonies established for the purpose
in Arizona and finally are furnished
with tickets for San Francisco, where
they slowly work out the price of their
importation.

The republic of Mexico is in great
trepidation because of the plans of rich
foreign companies to import thousands
of coolies from China, and it is believed
that the government is preparing a Chi-
nese exclusion act similar to that in
force in this country. The purpose of
importing contract laborers is the devel-
opment of rich agricultural lands lining
the Pacific coast of Mexico. The republic
is anxious to have established plan-
tations along the coast, and is offering
inducements for the opening of a port
and for railroad construction, but it
frowns upon plans to displace its own
laborers by Chinese product.

Yellow Fever Near Havana.

New York, July 23.—The quarantine
authorities have been advised that five
cases of yellow fever are reported at
Santiago de las Vegas, a town of 6000
inhabitants, 13 miles from Havana. All
the sufferers are Spaniards. The dis-
ease apparently began there. Physicians
have gone to the place to see that the
proper precautions are taken to kill the
mosquitoes and disinfect the town.

Burned to Death.

Houston, July 23.—Minnie Weiss, a
14-year-old girl, was fatally burned at
her home just outside the city while
lighting a kitchen fire with kerosene,
the can exploding. She died in great
agony.

Board of Normal Examiners.

Austin, July 23.—The state board of
normal examiners is in session here and
will continue in session several weeks.
The board will pass upon teachers' cer-
tificates and correct normal papers.

Heat Causes Suicides.

New York, July 23.—Five people com-
mitted suicide in New York Monday.
The extremely hot weather is believed
to have caused the increase in the
number of suicides recently.

Sister Shoots Sister.

Mammoth Springs, Ark., July 23.—
Miss Pearl Billman was shot and dan-
gerously wounded by her sister Grace,
who was trying to shoot a supposed rob-
ber on the porch.

OUR BIG

CLEARING Sale

will continue all next week.

Unheard of values in MEN'S FINE SHOES, no old out of date goods

B. S. READ, Druggist.

Woman's Horror

Modest women dread to consult a doctor about
diseases peculiar to their sex. They have a horror of
private examinations and surgical operations. For
this reason treatment of dangerous derangements is
neglected. But the Wine of Cardui treatment, which
can be adopted at home without the knowledge of any
one but the patient herself, is now coming into general
use. Women who take Wine of Cardui do not have to
submit to a physician's local examination nor to a
surgical operation. Wine of Cardui cures in the privacy
of the home. No publicity, no cutting and torture and
no physician or examination, while Wine of Cardui is
quietly building up and strengthening the female organs.
Menstruation is regulated, the drains of leucorrhoea
stopped and the fallen womb restored to its place. The
terrible pains which rack the body are but
results of the ailments, which yield so readily
to the soothing properties of Wine of Cardui.
The medicine that cured Miss Garlen will cer-
tainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899.

I have suffered from womb trouble
for five years. Last spring a year
ago I was bedfast for six months. I
paid \$52 to one doctor, and he said he
had done all he could for me. I had
about given up, but called another doctor,
who said I would have to have surgical
treatment. I decided I might as well die a
natural death as that. I happened to get
hold of a Ladies' Birthday Almanac, and decided to try your treatment. In
nine days after I commenced taking Wine of Cardui and Black-Draught I
could walk across my room, and in three weeks I made myself a dress. This
was after my neighbors, and even my brothers and sisters, said I would never
be any better. I am now in good health.

Miss S. E. GARLEN.

For advice in cases requiring special directions, address,

100 bolts of black Velvet Ribbon at per bolt 15c

Thompson's glove fitting \$1.50 Corsets at each \$1.00

And many other values at equally low prices.

Buyl... NORWOOD.

Justice W. C. Bishop of Hearne was here yesterday, having come in from Mumfords where he was called to hold an inquest over the remains of a negro named Mose Davis. The testimony showed that Davis and a negro woman were engaged in a fight and disturbing the peace on Capt. Porter's place, when the manager, a white man named Mathis, went to the house to quell the disturbance. Davis, the negro, had a pistol and struck Mathis, after which a scuffle ensued and the negro was shot and killed.

The entertainment given at the opera house Monday night for the benefit of the Baptist church was a success in all respects and greatly enjoyed. Mr. Bird is a clever impersonator and elocutionist and his work was well received. The tableaux and musical numbers by local talent were excellent. Forty-five dollars was the amount realized.

A picture of your home, if neatly printed in The Eagle special edition, will make a paper doubly interesting to your friends and relatives who live elsewhere. It will also serve to help advertise and build up the town, which is certainly to your interest if you own property here and get your living in the community.

Messrs. Allen Smith and J. Q. Adams have taken charge of the City Market purchased from Mr. S. W. Buchanan, and will be glad to serve their friends and the public with fresh meats and market products of all kinds. Mr. Jeff Franklin is with the new firm.

WANTED—Five hundred and thirty-five good straight post oak posts eight and one half feet long delivered on grounds of Central Texas Fair Association. Leave bids at office of Moore & Dyer, Bryan, Texas. Paul Bradley, Chairman Building Committee.

All druggists are authorized by the manufacturers to refund the money in any case they fail to cure. Price 50 cents per package. Remember the name, Rex Dyspepsia Tablets. M. H. James, the leading druggist, Bryan, Texas.

Electric Belts.

I wish to notify the people of Brazos and surrounding counties that I am manufacturing an electric belt that is a positive cure for nearly all the ills to which man is subject. They are no humbug, and are sold under a positive guarantee. I have the testimonials of reliable persons whom I have cured. All who wish can get same from T. A. Searey at the Bryan Grocery Co's store. Price \$1.00. Chas. Claydon.

To Whom it May Concern.

We find upon investigation that some of our patrons turn their water on at 4 or 5 o'clock each evening and permit the water to run until 9 or 10 o'clock at night, and frequently all night, causing a useless and extravagant waste, for which they do not pay and the company cannot afford to lose, and frequently cause a great deal of inconvenience to those who do not abuse their privilege. Some parties waste more water in one night than they pay for a month's service. The rules require the hose to be held when the water is turned on and cut off when through and under no circumstances be permitted to run when not held. We will cut off the service of those who abuse their privilege and no questions will be asked from this date. Call at office and get copy of rules.

B. W. I. L. & P. Co.

To Cure Chills or Malaria in 4 Days, Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

E. A. BERRY,

Good Whiskey is Both Doctor and Tonic.

Better looking than many doctors, better tasting than all medicines. For general family use, nothing equals whiskey and HARPER Whiskey is pre-eminently the family whiskey. Sold by J. L. Hearne, Bryan, Texas.

EXCLUDES REPORTERS.

She Denied the Privilege of Attending the Foshburgh Trial.

Pittsfield, Mass., July 23.—At the opening of the Foshburgh manslaughter trial here Judge Stevens excluded from the courtroom four men and two women representing three New York newspapers because of articles published in those papers bearing on the case, which were objectionable to the court. The sheriff requested correspondents to leave the courtroom, and those representing papers named by the judge went out in a body.

Judge Stevens in referring to the action of the three newspapers said his attention had been called to the publication of the article and those papers purporting to be a description of a visit of the Foshburgh family to the burial place of May Foshburgh on Sunday last. "There could be no more outrageous breach of propriety," said the judge, "and nothing so calculated to prejudice the minds of the jury and the public and defeat the ends of justice. Publishers of these newspapers are outside the commonwealth and therefore outside of my jurisdiction, but if proof were given me of the identity of the writers, I would deal with them as the action deserves."

NEGRO LYNCHED.

He Mortally Wounded an Officer and a Mob Swung Him Up.

Elkins, W. Va., July 23.—The dead body of William Brooks, a negro, swung from the limb of a tree in the city park here last night and Chief of Police Robert Lilly lies dying in a hospital from the effects of a bullet wound inflicted by the negro.

Monday afternoon word was brought to the police station that William Brooks was creating trouble in the lower end and asking for an officer to subdue him. Chief of Police Lilly said he would go himself and bring the man in. When Brooks saw the officer coming he started to run for the house and by that time Lilly came up to the house which had a good sized crowd surrounding it and ordered the man to come out. Brooks came to the window of a front room armed with a gun. Lilly ordered him to surrender and come peacefully to the lockup. Brooks said he would not go peacefully or any other way. Lilly ran into the house and a fierce struggle ensued in which the officer was shot through the bowels.

The negro broke from the room and ran forward through a big crowd. For several squares he kept ahead of the mob. Finally after a chase of half a mile Brooks was overtaken and captured. He fought desperately. Officers started for the jail, but a mob secured the prisoner and lynched him.

SIXTEEN LIVES LOST.

Explosion of Petroleum on a Schooner Turns Out Disastrous.

Stockholm, July 23.—An explosion of petroleum on board the American schooner Louise Adelaide, Captain Orr, which left Philadelphia on April 24, and Portland, Me., on June 4, for Stockholm, in the harbor here, resulted in the death of Captain Orr, 10 members of the schooner's crew, 4 Swedish customs officials and the Brazilian consul. Two of the crew were saved. The explosion set the schooner on fire and the blazing petroleum enveloped the vessel and those on board.

WRECK IN MEXICO.

Several Passengers Hurt, Some Seriously in a Collision Near Montezuma.

El Paso, Tex., July 23.—A serious accident occurred on the line of the Mexican Central near Montezuma Monday. Several passengers on the train were severely injured, some of whom are expected to die.

A Pullman car had been sidetracked to allow another car to be coupled to the train, got beyond the control of the brakeman and started down a steep grade. The train backed up to catch the flying car and on reaching it a collision occurred. Although the car was not derailed the passengers received a terrific shock and the car was considerably damaged. The following injured were brought to a hospital here:

Miss Edith Pearson of Kansas City.
Mrs. Jessie Catlin of Kansas City.
Mrs. Lucy McCormick Garner of Oak Cliff, Tex.
Mrs. Jake McKim of Oklahoma.
John M. Duthie of El Paso.
Mrs. Duthie of El Paso.
T. M. Hollahan.
Tom Brock.
A. P. Parker of El Paso.
Mr. Flores of Durango.
C. A. Keeran of San Antonio.
Jeff McLemore of Austin.

TEXAS NEWS.

Killed by Lightning.

Hico, Tex., July 23.—Sunday lightning struck and killed Morgan Payne, aged 23, and Grover Hammock, aged 16, also killing their horses. Bud Payne was badly injured and is not expected to live. These young men were driving cattle to water about two miles south of Lanham in this county. A young brother of George Hammock was with them but escaped injury.

Two Young Men Drown.

Claude, Tex., July 23.—Several young men and boys were bathing in the Barnard tank Sunday when the 14-year-old son of S. H. Vaughn, having ventured out into deep water and being unable to swim, went down. An older brother, although partially dressed, plunged in to his relief and went down with his brother.

Sues Confederate Home.

Austin, July 23.—J. L. Hume has filed suit against the John B. Hood camp of Confederate Veterans to compel the return to him of \$8900 paid to the camp last May for certain judgments obtained by the camp against General W. M. Stacy on notes and liens of C. A. Newing and others.

Fire at Olive.

Olive, Tex., July 23.—Monday morning fire broke out in the storehouse of Olive, Sterneberg & Co., completely destroying the building and the entire stock of goods. The loss is between \$15,000 and \$20,000 partially covered by insurance.

To Address Cotton Growers.

Sulphur Springs, Tex., July 23.—Hon. Harvey Jordan of Georgia, president of the Southern Cotton Growers' Protective association, will deliver an address here July 30.

Called the Judge a Liar.

Batavia, O., July 23.—Mrs. Annie Blehr, of Cincinnati, was committed to jail here by Judge Parrott because she had called him a liar in open court. She had asked for a divorce from her husband, August E. Blehr, of New Richmond, but it was refused. Their child had previously been given to each parent alternate months. She promised the judge to turn the child over to the father on a certain date and when asked to do so refused. To the judge's question whether she did not agree to give up the child, she replied: "You are a liar." She was sent to jail until she retracts the statement which she says she will never do.

Hunt to Succeed Allen.

Washington, July 23.—It is believed that after the issue of the president's proclamation on July 27 announcing free trade with Porto Rico, Governor Allen will resign, in which event the nomination of W. H. Hunt of Montana, at present secretary of the island, to the governorship is believed to be probable.

Oil in Arkansas.

Pine Bluff, July 23.—Passengers on the Cotton Belt passenger train coming from Bearden report great excitement in that vicinity over a rich oil strike made at the plant of the Cotton Belt Lumber company. Some time ago a well was sunk 900 feet, but the water from the same was considered unsafe for use in the boilers of the mill plant and the well was abandoned. The drought left water scarce and the abandoned well was bored to a depth of 1150 feet in the hope that suitable water might be found. At 1150 feet the well spouted oil in large quantities and excitement in the locality is intense.

Reorganizing Chilean Finances.

Valparaiso, July 23.—The Chilean government is preparing a bill which will effect a reorganization to a large extent of the national finances. It contemplates the accumulation of 50,000,000 pesos as a reserve and will provide for an excise duty on alcohol and other internal taxes, which, together with the sale of nitrate properties will be devoted to greatly increasing the efficiency of the Chilean army and navy.

Practical School Teaching.

New York, July 23.—The trustees of the Teachers' college of Columbia university will use the \$100,000 recently given by Mr. and Mrs. James Speyer for the building and equipment of a free school near the university for the instruction of 50 kindergarten children and 240 in the elementary grade. The purpose of the school is to give the college an opportunity to try practical experiments in school teaching.

Forfeited its Gold Deposit.

Managua, Nicaragua, July 23.—The arbitrators to whom the matter was referred, have decided that the Caribbean-Pacific Transit company of Liverpool has forfeited its deposit of \$4000 in gold and the exclusive privileges of steam navigation of Lake Nicaragua and the San Juan river.

Groot Temporary Chairman.

Cleveland, July 23.—At a preliminary meeting here of the leaders of the bolt among the Bryan Democrats, George A. Groot of this city was chosen temporary chairman of the state convention to be held at Columbus on July 31, and Dr. Abner L. Davis of Findlay, temporary secretary.

Steamer Sunk.

Saginaw, Mich., July 23.—The steamer City of New Baltimore, running between here and Tawas, sank in the river three miles from here with 30 passengers on board. The passengers were all landed safely.

Brick Works Burned.

Golden, Col., July 23.—The entire manufacturing department of Church Bros. pressed brick works has been destroyed by fire. Loss \$100,000.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest; no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."

A. E.
WORLEY
PROPRIETOR.

RUSH IS STILL GREAT

Crowds at El Reno to Secure a
Chance at Free Homes.

RECORD IS BROKEN.

More Than Fourteen Thousand Regis-
ter at El Reno, Making the
Total Nearly One Hundred
and Twenty Thousand.

El Reno, July 23.—The registration
at this place Monday was a record-break-
er—14,556 were registered. Two thou-
sand of these were old soldiers and 800
of them were women. The booths re-
mained open until 6 o'clock. One thou-
sand seven hundred and sixty-four were
registered at Lawton. Total of both
places 118,591 up to date.

The cheap rates made by the railroads
in the north and east will bring thou-
sands who had never thought of coming.
It is reported that 2000 factory girls are
coming from New York and Pittsburg.
There are many "tenderfeet" here now.
Most of them are surprised to see a civ-
ilized city. They expected to see noth-
ing but cattle ranches and camps and
none but cowboys and Indians. There
are thousands of Indians living near
here, but few of them come to town
during the excitement. They are great-
ly annoyed by strangers who crowd
around them. Most of them run from
the kodak fiends, of whom there are
many. The Indians generally are afraid
of the camera.

W. J. Edwards, a civil engineer, has
laid out a town for women only. The
company is named the Woman's Mu-
tual Townsite company and is located
not far from Anadarko. About 50 El
Reno women are behind the scheme.
The women say that they want to show
the men that they can conduct city
affairs and attend to business matters
in a manner far superior to men.

The postoffice department has estab-
lished eight extra delivery windows and
still handles mail with difficulty.

All around bad men are becoming
more numerous and private detectives
have been sent for to protect the people.

Drawings Committee.

Washington, July 23.—The secretary
of the interior has announced a com-
mittee to supervise the drawings for
the lands of the Kiowa and Comanche
Indians as follows:

Ex-Governor Richards of Wyoming,
chairman; ex-Chief Justice, Frank Dale
of Oklahoma and ex-District Attorney
D. P. Dyer of St. Louis.

This committee has been instructed
to report at El Reno not later than July
26 to arrange details for the drawing.

Governor Will Investigate.

Jackson, Miss., July 23.—Governor
Longino has left for Greenville, where
he will consult with the criminal judge
touching the assassination of the Ital-
ians at Erwin. It is expected that a
special term of the court will be called
at once. E. Calvelli, the Italian consul
at New Orleans, is said to be at Erwin
making an investigation. The governor
goes for the purpose of co-operating
with the officers and to have the assas-
sins apprehended and punished.

Two Boys Murdered.

Knoxville, July 23.—The bodies of
Wheeler and Mynatt Hatmaker were
found in a millpond near the Kentucky
line not far from Jacksboro, Tenn., and
an investigation by a coroner's jury
showed that the boys had been mur-
dered by being stabbed and beaten, and
that their bodies were thrown into the
water. The boys were only 11 and 14
years old, and excitement is intense in
the community. There is a suspicion as
to the murderer.

Captured a Highwayman.

Vinita, I. T., July 23.—Marshal D. H.
Shoffner of Grove arrested and jailed
here a bold highway robber, who held
up and robbed Lee Jones of near Grove.
He held up three men on the day that
he held up and robbed Lee Jones, but
did not get any money. Marshal Shoff-
ner came very near losing his life in at-
tempting to arrest the robber, who re-
sisted and showed fight.

Terrific Storms in Arizona.

El Paso, Tex., July 23.—Storms of
great magnitude have occurred in the
mountain regions north and east of
Phoenix, A. T. At Prescott and Iron
Springs terrific rain and hail fell Sun-
day, and for 100 miles east the streams
are out of their banks. The rain came
in time to prevent great damage from
drouth and stopped many forest fires of
large proportions.

May Remain in England.

London, July 23.—Mrs. Hanna, the
divorced wife of Daniel Hanna, who
with her children succeeded in leaving
New York on July 13 on the steamship
Campania in spite of her former hus-
band's efforts to stop her departure, said
in an interview that in view of her
former husband's attitude she might re-
main permanently in England and pre-
pare her boys for Eton and Oxford.

Mrs. Nation Must Go Home.

Topeka, July 23.—Mrs. Carrie Nation

was fined \$100 and given a 30-day jail
sentence by Judge Hazen in the district
court for disturbing the peace and dig-
nity of the city by a Sunday joint raid
last March. There is no appeal and
Mrs. Nation must serve her time in
prison.

Hogs Killed by the Heat.

Denton, Tex., July 23.—Several farm-
ers near Sanger have lost heavily from
the death of hogs on account of the ex-
treme heat.

SCORCHING WEATHER.

Heat in the Middle West Breaking Re-
cords of High Temperature.

Washington, July 24.—One hundred
degrees temperatures were common
throughout the great corn belt yester-
day according to reports to the weather
bureau here. In various places all pre-
vious heat records were smashed. There
appears to be no prospect of relief from
these exhausting conditions for the next
two days at least, except such as may
come from the always present possibi-
lity of scattered thunderstorms which are
predicted for some portions of the su-
perheated area.

Absolutely no rain fell in the corn
belt. In western Iowa it was a trifle
cooler while in the central portions of
the state it was warmer. There was a
little belt of high pressure over the
great lakes and another over the south
Atlantic coast, but it offers no prospect
of relief in the west.

The warm weather was again general
throughout the entire country except on
the Pacific coast. Thunder showers
have continued from the south Atlantic
coast westward into Arizona and a con-
tinuation of them is predicted for the
south and southwest.

Atlanta 90, Boston 104, Chicago 102,
Cincinnati 106, Davenport, Ia., 106,
Denver 94, Des Moines 108, Helena,
Mont., 93, Indianapolis 106, Jackson-
ville, Fla., 88, Kansas City 106, Little
Rock 96, Memphis 98, New Orleans 90,
New York 90, North Platte, Neb., 100,
Omaha 104, Pittsburg 94, Salt Lake 95,
St. Louis 107, St. Paul 98, Springfield,
Ill., 108, Vicksburg 88 and Washington
93, Louisville 105.

The prostrations reported reached into
the thousands, but fatalities were few
so far as given.

Slightly Lower Temperature.

Washington, July 23.—The weather
bureau officials find nothing in the con-
ditions to justify any prediction of a
change of temperature in the heated
section of the country. The principal
weather bureau stations in the middle
Mississippi valley show a slightly lower
temperature, but forecasters say there
is absolutely no permanent change in
prospect.

WILL REFUND DUTIES.

Merchants Will Get Back Amounts Paid
on Imports from Porto Rico.

Washington, July 23.—Attorney Gen-
eral Knox declined to render an opinion
which was asked for by the secretary
of the treasury on the question whether
or not under the existing laws the sec-
retary is authorized to refund duties
collected on goods imported from Porto
Rico between the date of the ratifica-
tion of the Spanish treaty and the date
that the Foraker act went into opera-
tion.

The attorney general says that inas-
much as the comptroller of the treasury
has given his decision on the subject, it
as a matter for him, (the comptroller)
alone and he therefore cannot give a
decision as requested.

It is authoritatively stated at the
treasury department that the govern-
ment will proceed immediately to re-
fund these duties, acting upon the de-
cision of the comptroller of the treasury
which was to the effect that the treas-
ury department had authority under ex-
isting laws. The duties amounted ap-
proximately to \$2,000,000.

Payment of Chinese Indemnity.

Washington, July 23.—The state de-
partment has received a dispatch from
Special Commissioner Rockhill at Pekin
announcing that a plan for the payment
of the indemnity to the powers by the
Chinese government finally had been
adopted. The authorization of bonds to
be issued will begin in 1902 and the
plan contemplates the entire liquidation
of both principal and interest by 1904.
It is expected that China will raise \$23-
000,000 annually.

Telegraph Service Cut Off.

Washington, July 23.—Consul Magill
reports from Tampico that the office of
the Mexican Telegraph company at that
place is closed to the public service,
thus severing the direct connection with
Galveston. Foreign messages will here-
after be routed via Laredo, Tex., over-
land, or via cable to Vera Cruz and
thence overland to Tampico.

Oil Rate Hearing.

Austin, July 23.—The railroad com-
mission has at last decided to have a
hearing for the readjustment of rates on
crude and fuel petroleum. This will be
welcome news to the people of Texas.

Cotton in the Territory.

CORN CROP PROSPECT

Secretary Wilson Gives the Farmer
Valuable Points.

HOW TO SAVE CROP.

The Ground Should Be Plowed Often
and Deep During a Drouth—An
Average Corn Crop Is the
Estimate Made Now.

New York, July 23.—A dispatch to The Tribune from Washington says that Mr. Wilson, secretary of agriculture, has favored The Tribune with a talk on the effects of the long continued drouth on the growing crops of the west. He does not take so gloomy a view of the agricultural prospects between the Alleghany and Rocky mountains as do some of the so-called experts who are not connected with the government service. Nor yet does Mr. Wilson attempt to minimize the injury already done, and that will increase unless there is a great precipitation of moisture during the next few weeks in the vast stretch of country between the mountains.

While he acknowledges that the hard wheat belt of the northwest has been damaged, he does not yet despair of an average yield of corn in the corn belt, which he defines as extending east from the Missouri river to the Alleghany—embracing the states of Iowa, Wisconsin, the northern part of Missouri and all of Illinois.

The regrettable loss from the viewpoint of the department, declares the secretary, is that of the macaroni wheat crop. For the first time an experiment had been made this year in the production of this variety of wheat on a large scale in the United States. Secretary Wilson has been encouraging this experiment ever since he has been at the head of the agricultural department and imported the seed from northern Africa where most of the wheat is produced which supplies Europe and the world with macaroni.

The secretary is especially hopeful of an average corn crop. He says it will not be a record breaker or "a bumper" in the parlance of the agricultural department, but that at this moment the prospects favor a fair average yield. Mr. Wilson said:

"If something could be done to induce the farmers in the corn belt to extend their period of cultivation about two weeks this year beyond the usual limit I would look for a big crop. But the usual season for cultivation is rapidly drawing to a close, and I fear that with comparatively few exceptions the farmers will 'lay by' their corn at the regular time regardless of the drouth.

"In the entire corn belt, with the exception of Missouri, which has a shallow soil, 39 inches of rain during the year is all that is needed to produce a crop. If even only 12 or 14 inches of this falls during the four months of production a good yield can be counted on. The corn belt soil, with the exception noted, is deep and holds moisture well. To utilize this moisture to the best advantage in the absence of rain the soil should be continually stirred, so as to make what we call a 'mulch' until the crop is matured. Therefore, I repeat that if the farmers in the corn belt at this time could be shown the advisability of extending their cultivation season about two weeks we could look for a good corn crop.

"The farmers, like every other business man, always does what he believes to be best for his own interest, but in a case like this it is extremely difficult to disseminate broadly in farming communities the information that is of pressing and immediate value. By this I mean if we only could spread all through the corn belt the news that if the season of cultivation were extended about two weeks beyond the usual limit, there would be no fear of the result."

Sympathy for President Kruger.
Glenwood Springs, Col., July 23.—As soon as Mrs. John Hays Hammond, wife of the celebrated mining engineer, who was at one time under sentence of death in Pretoria in connection with the famous Jameson raid, heard of the death of the wife of President Kruger, of the Boer republic, she sent the following cablegram to President Kruger: "Accept my heartfelt sympathy in your loss of a noble and true wife."

Northern Pacific Directors.
New York, July 23.—At a meeting of the Northern Pacific Railroad company here the following new directors were elected in accordance with the recent letter of J. Pierpont Morgan: James J. Hill, E. H. Harriman, William Rockefeller, H. McK. Twombly and Samuel Rea. These gentlemen take the places of Edward D. Adams, R. M. Galloway, Samuel Spencer, Dumont Clarke and Walter G. Oakman.

Strike Situation.
Pittsburg, July 23.—The strike situation presents practically no new phases and it appears now as if the contending forces were settling down to a protracted struggle. The company at Wellsville mill has received accession of a few men from the ranks of strikers, but the number is not yet large enough to justify the mill in starting up in full.

Denial from Chairman Jones.
Little Rock, July 23.—Chairman James K. Jones, denies the report that the Democratic national headquarters will be moved from Chicago to Washington.

WILL INVESTIGATE.

Dr. Doty to Find Out if Mosquitoes Do Spread Malaria.

New York, July 23.—The health officer of the port, Dr. Doty, has decided to take hold of the mosquito question in Staten Island and attempt the extermination of the pests. A part of the island adjacent to the quarantine station has been selected for the test. He said:

"We have been at work for the last year in our laboratory on the mosquito larvae, in order to determine bacteriologically what can be done. First, to determine if the insect produces malaria; second, if so, can malaria be prevented by the extermination of the mosquito and its larvae, the test I have determined to make will be applied to a part of Staten island adjoining our station and opposite to the quarantine islands, in extent about three miles by one and a half miles.

"All the swamps, ponds, marshes and wet places will be inspected by men from our laboratory to determine where the breeding places are situated. The mosquito and the larvae will be taken in such places and will be examined to determine the presence of malaria. The local physicians will be asked to co-operate by reporting all cases of malaria. All intelligent co-operation of citizens will be requested. In the treatment of breeding places petroleum will be an important factor. The test is in line with our quarantine work, as the quarantine hospital for yellow fever is adjacent to the district selected for the test."

No Tuberculosis in Milk.

New York, July 23.—Prof. Koch of Berlin will announce, says a Herald dispatch from London, his discovery that bovine tuberculosis is not transmissible to the human system. The famous bacteriologist in an interview authorized the statement that he has demonstrated that meat and milk tuberculosis infected cattle may be consumed with absolute impunity.

BORDER SMUGGLERS.

Government Will Attempt to Stop Traffic in Coolies from China.

Phoenix, A. T., July 23.—To stop the wholesale importation of Chinese through Port Nogales, on the United States-Mexican line, is the plan of the United States authorities. The government agents and line riders along the southern boundaries of this country have found themselves unable to cope with the Chinese smuggling situation, and have placed the matter before the authorities at Washington, who have decided upon prompt and decisive action.

A well organized gang of slave dealers have been discovered in Nogales on the Mexican side of the line, where Sing Lee, a Celestial, experienced in human traffic, superintends the smuggling of hundreds of coolies into this country. The slaves arrive here from China, either by way of Guaymas, Mex., or from San Francisco, traveling in bond through this country to Mexico after their landing at San Francisco. The heathens are drilled and disguised in the Mexican costume in the oriental colony established just across the line and otherwise taught how to run the gantlet of line riders. If they are successfully smuggled across the line they live for several months, as a rule, in colonies established for the purpose in Arizona and finally are furnished with tickets for San Francisco, where they slowly work out the price of their importation.

The republic of Mexico is in great trepidation because of the plans of rich foreign companies to import thousands of coolies from China, and it is believed that the government is preparing a Chinese exclusion act similar to that in force in this country. The purpose of importing contract laborers is the development of rich agricultural lands lining the Pacific coast of Mexico. The republic is anxious to have established plantations along the coast, and is offering inducements for the opening of a port and for railroad construction, but it frowns upon plans to displace its own laborers by Chinese product.

Yellow Fever Near Havana.

New York, July 23.—The quarantine authorities have been advised that five cases of yellow fever are reported at Santiago de las Vegas, a town of 6000 inhabitants, 13 miles from Havana. All the sufferers are Spaniards. The disease apparently began there. Physicians have gone to the place to see that the proper precautions are taken to kill the mosquitoes and disinfect the town.

Burned to Death.

Houston, July 23.—Minnie Weiss, a 14-year-old girl, was fatally burned at her home just outside the city while lighting a kitchen fire with kerosene, the can exploding. She died in great agony.

Board of Normal Examiners.

Austin, July 23.—The state board of normal examiners is in session here and will continue in session several weeks. The board will pass upon teachers' certificates and correct normal papers.

Heat Causes Suicide.

New York, July 23.—Five people committed suicide in New York Monday. The extremely hot weather is believed to have caused the increase in the number of suicides recently.

Sister Shoots Sister.

Mammoth Springs, Ark., July 23.—Miss Pearl Billman was shot and dangerously wounded by her sister Grace, who was trying to shoot a supposed robber on the porch.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cures Miss Garlen will certainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899. I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health. Miss S. E. GARLEN.

Burl... NORWOOD.

Justice W. C. Bishop of Hearne was here yesterday, having come in from Mumfords where he was called to hold an inquest over the remains of a negro named Mose Davis. The testimony showed that Davis and a negro woman were engaged in a fight and disturbing the peace on Capt. Porter's place, when the manager, a white man named Mathis, went to the house to quell the disturbance. Davis, the negro, had a pistol and struck Mathis, after which a scuffle ensued and the negro was shot and killed.

The entertainment given at the opera house Monday night for the benefit of the Baptist church was a success in all respects and greatly enjoyed. Mr. Bird is a clever impersonator and elocutionist and his work was well received. The tableaux and musical numbers by local talent were excellent. Forty-five dollars was the amount realized.

A picture of your home, if neatly printed in The Eagle special edition, will make a paper doubly interesting to your friends and relatives who live elsewhere. It will also serve to help advertise and build up the town, which is certainly to your interest if you own property here and get your living in the community.

Messrs. Allen Smith and J. Q. Adams have taken charge of the City Market purchased from Mr. S. W. Buchanan, and will be glad to serve their friends and the public with fresh meats and market products of all kinds. Mr. Jeff Franklin is with the new firm.

WANTED—Five hundred and thirty-five good straight post oak posts eight and one half feet long delivered on grounds of Central Texas Fair Association. Leave bids at office of Moore & Dyer, Bryan, Texas. Paul Bradley, Chairman Building Committee.

Electric Belts.

I wish to notify the people of Brazos and surrounding counties that I am manufacturing an electric belt that is a positive cure for nearly all the ills to which man is subject. They are no humbug, and are sold under a positive guarantee. I have the testimonials of reliable persons whom I have cured. All who wish one can get same from T. A. Searcy at the Bryan Grocery Co's. store. Price \$1.00. Chas. Claydon.

To Whom it May Concern.

We find upon investigation that some of our patrons turn their water on at 4 or 5 o'clock each evening and permit the water to run until 9 or 10 o'clock at night, and frequently all night, causing a useless and extravagant waste, for which they do not pay and the company cannot afford to lose, and frequently cause a great deal of inconvenience to those who do not abuse their privilege. Some parties waste more water in one night than they pay for a month's service. The rules require the hose to be held when the water is turned on and cut off when through and under no circumstances be permitted to run when not held. We will cut off the service of those who abuse their privilege and no questions will be asked from this date. Call at office and get copy of rules.

THE CONDITION OF THE PATIENT

Is often such that the slightest variation from what the doctor prescribes may have serious results. Prescriptions compounded here are absolutely correct. The order is followed exactly. We add nothing, hold out nothing and substitute nothing. The purest drugs and medicines are used. Everything is fresh and efficient.

M. H. JAMES,

THE LEADING DRUGGIST.

Dying of Heat!

Hundre's are dying of heat in the northern cities where the hot weather records have been broken—We are all thankful it's not that bad here but it is bad enough—too bad unless you have

PLENTY OF PURE ICE.

It is good in sickness and in health; it will preserve your food and save your doctor's bill. It is the cheapest luxury in the world and one you cannot do without. Remember our ice is made from pure soft water, condensed, skimmed, reboiled, filtered and frozen. Delivered at your refrigerator.

Good Whiskey is Both Doctor and Tonic.

Better looking than many doctors, better tasting than all medicines. For general family use, nothing equals whiskey and **HARPER Whiskey** is pre-eminently the family whiskey. Sold by **J. L. Hearne, Bryan, Texas.**

EXCLUDES REPORTERS.

San Denied the Privilege of Attending the Foshburgh Trial.

Pittsfield, Mass., July 23.—At the opening of the Foshburgh manslaughter trial here Judge Stevens excluded from the courtroom four men and two women representing three New York newspapers because of articles published in those papers bearing on the case, which were objectionable to the court. The sheriff requested correspondents to leave the courtroom, and those representing papers named by the judge went out in a body.

Judge Stevens in referring to the action of the three newspapers said his attention had been called to the publication of the article and those papers purporting to be a description of a visit of the Foshburgh family to the burial place of May Foshburgh on Sunday last. "There could be no more outrageous breach of propriety," said the judge, "and nothing so calculated to prejudice the minds of the jury and the public and defeat the ends of justice. Publishers of these newspapers are outside the commonwealth and therefore outside of my jurisdiction, but if proof were given me of the identity of the writers, I would deal with them as the action deserves."

SIXTEEN LIVES LOST.

Explosion of Petroleum on a Schooner Turns Out Disastrous.

Stockholm, July 23.—An explosion of petroleum on board the American schooner Louise Adelaide, Captain Orr, which left Philadelphia on April 24, and Portland, Me., on June 4, for Stockholm, in the harbor here, resulted in the death of Captain Orr, 10 members of the schooner's crew, 4 Swedish customs officials and the Brazilian consul. Two of the crew were saved. The explosion set the schooner on fire and the blazing petroleum enveloped the vessel and those on board.

Thanks all as Loyal.

London, July 23.—Much gossip in American and English society has been caused by the presentation to King Edward Monday by some American ladies of the hospital ship Main committee of a medal commemorating of the Main's work with the request that the king transmit the medal to Queen Alexandra. It seems the idea was opposed by a number of influential members of the committee on the ground that the king did not want the medal, but others carried the pay. The king's reply to the delegation which made the presentation is causing some comment, as he thanked "the American committee," for their "loyal, dutiful sentiments," as he did the Kansas legislature in answering a telegram of condolence on the queen's death and as he also thanked the committee for bringing their valuable services to culmination by presenting the ship to the government, whereas, this was done solely by Bernard M. Baker of Baltimore.

Oil in Arkansas.

Pine Bluff, July 23.—Passengers on the Cotton Belt passenger train coming from Bearden report great excitement in that vicinity over a rich oil strike made at the plant of the Cotton Belt Lumber company. Some time ago a well was sunk 900 feet, but the water from the same was considered unsafe for use in the boilers of the mill plant and the well was abandoned. The drought left water scarce and the abandoned well was bored to a depth of 1150 feet in the hope that suitable water might be found. At 1150 feet the well spouted oil in large quantities and excitement in the locality is intense.

Reorganizing Chilean Finances.

Valparaiso, July 23.—The Chilean government is preparing a bill which will effect a reorganization to a large extent of the national finances. It contemplates the accumulation of 50,000,000 pesos as a reserve and will provide for an excise duty on alcohol and other internal taxes, which, together with the sale of nitrate properties will be devoted to greatly increasing the efficiency of the Chilean army and navy.

Practical School Teaching.

New York, July 23.—The trustees of the Teachers' college of Columbia university will use the \$100,000 recently given by Mr. and Mrs. James Speyer for the building and equipment of a free school near the university for the instruction of 50 kindergarten children and 240 in the elementary grade. The purpose of the school is to give the college an opportunity to try practical experiments in school teaching.

Forfeited its Gold Deposit.

Managua, Nicaragua, July 23.—The arbitrators to whom the matter was referred, have decided that the Caribbean-Pacific Transit company of Liverpool has forfeited its deposit of \$4000 in gold and the exclusive privileges of steam navigation of Lake Nicaragua and the San Juan river.

Groot Temporary Chairman.

Cleveland, July 23.—At a preliminary meeting here of the leaders of the bolt among the Bryan Democrats, George A. Groot of this city was chosen temporary chairman of the state convention to be held at Columbus on July 31, and Dr. Abner L. Davis of Findlay, temporary secretary.

Steamer Sunk.

Saginaw, Mich., July 23.—The steamer City of New Baltimore, running between here and Tawas, sank in the river three miles from here with 30 passengers on board. The passengers were all landed safely.

Brick Works Burned.

Golden, Col., July 23.—The entire manufacturing department of Church Bros. pressed brick works has been destroyed by fire. Loss \$100,000.

NEGRO LYNCHED.

He Horribly Wounded an Officer and a Mob Swung Him Up.

Elkins, W. Va., July 23.—The dead body of William Brooks, a negro, swung from the limb of a tree in the city park here last night and Chief of Police Robert Lilly lies dying in a hospital from the effects of a bullet wound inflicted by the negro.

Monday afternoon word was brought to the police station that William Brooks was creating trouble in the lower end and asking for an officer to subdue him. Chief of Police Lilly said he would go himself and bring the man in. When Brooks saw the officer coming he started to run for the house and by that time Lilly came up to the house which had a good sized crowd surrounding it and ordered the man to come out. Brooks came to the window of a front room armed with a gun. Lilly ordered him to surrender and come peacefully to the lockup. Brooks said he would not go peacefully or any other way. Lilly ran into the house and a fierce struggle ensued in which the officer was shot through the bowels.

The negro broke from the room and ran forward through a big crowd. For several squares he kept ahead of the mob. Finally after a chase of half a mile Brooks was overtaken and captured. He fought desperately. Officers started for the jail, but a mob secured the prisoner and lynched him.

WRECK IN MEXICO.

Several Passengers Hurt, Some Seriously in a Collision Near Montezuma.

El Paso, Tex., July 23.—A serious accident occurred on the line of the Mexican Central near Montezuma Monday. Several passengers on the train were severely injured, some of whom are expected to die.

A Pullman car had been sidetracked to allow another car to be coupled to the train, got beyond the control of the brakeman and started down a steep grade. The train backed up to catch the flying car and on reaching it a collision occurred. Although the car was not derailed the passengers received a terrific shock and the car was considerably damaged. The following injured were brought to a hospital here:

Miss Edith Pearson of Kansas City.
Mrs. Jessie Catlin of Kansas City.
Mrs. Lucy McCormick Garner of Oak Cliff, Tex.
Mrs. Jake McKinny of Oklahoma.
John M. Duthie of El Paso.
Mrs. Dathie of El Paso.
T. M. Hollahan.
Tom Brock.
A. P. Parker of El Paso.
Mr. Flores of Durango.
C. A. Keeran of San Antonio.
Jeff McLemore of Austin.

TEXAS NEWS.

Killed by Lightning.

Hico, Tex., July 23.—Sunday lightning struck and killed Morgan Payne, aged 23, and Grover Hammock, aged 16, also killing their horses. Bud Payne was badly injured and is not expected to live. These young men were driving cattle to water about two miles south of Lanham in this county. A young brother of George Hammock was with them but escaped injury.

Two Young Men Drown.

Claude, Tex., July 23.—Several young men and boys were bathing in the Barnard tank Sunday when the 14-year-old son of S. H. Vaughn, having ventured out into deep water and being unable to swim, went down. An older brother, although partially dressed, plunged in to his relief and went down with his brother.

Sues Confederate Home.

Austin, July 23.—J. L. Hume has filed suit against the John B. Hood camp of Confederate Veterans to compel the return to him of \$8900 paid to the camp last May for certain judgments obtained by the camp against General W. M. Stacy on notes and liens of C. A. Newing and others.

Fire at Olive.

Olive, Tex., July 23.—Monday morning fire broke out in the storehouse of Olive, Sternberg & Co., completely destroying the building and the entire stock of goods. The loss is between \$15,000 and \$20,000 partially covered by insurance.

To Address Cotton Growers.

Sulphur Springs, Tex., July 23.—Hon. Harvey Jordan of Georgia, president of the Southern Cotton Growers' Protective association, will deliver an address here July 30.

Called the Judge a Liar.

Batavia, O., July 23.—Mrs. Annie Blehr, of Cincinnati, was committed to jail here by Judge Parrott because she had called him a liar in open court. She had asked for a divorce from her husband, August E. Blehr, of New Richmond, but it was refused. Their child had previously been given to each parent alternate months. She promised the judge to turn the child over to the father on a certain date and when asked to do so refused. To the judge's question whether she did not agree to give up the child, she replied: "You are a liar." She was sent to jail until she retracts the statement which she says she will never do.

Hunt to Succeed Allen.

Washington, July 23.—It is believed that after the issue of the president's proclamation on July 27 announcing free trade with Porto Rico, Governor Allen will resign, in which event the nomination of W. H. Hunt of Montana, at present secretary of the island, to the governorship is believed to be probable.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
